IMMENSE SIGN BEING PAINTED ON ELEVATOR

Painters Engaged in Putting Letters, "C. & O. Ry." on Elevator A.

Painters were engaged yesterday in painting the letters, "C. & O. Ry." on the south side of Chesapeake & Ohio grain elevator A. The sign is to be the same size as that which was on the elevator until the repairs to the structure were started several months ago. The old sheet metal on which the sign was painted was torn off and new metal substituted.

The letters measure forty feet in height and are about forty feet wide from side to side and extend the entire length of the elevator, 338 feet. The sign can easily be seen from Old Point during clear weather.

BABY'S SKIN TORTURE

"When our baby was seven weeks old he broke out with what we thought was heat but which gradually grew worse. We called in a doctor. He said it was eczema and from that time we doctored six months with three of the best doctors in Annapolis but he only got worse. His face, head and hands were a solid sore. There was no end to the suffering for him. We had to tie his little hands to keep him from scratching. He never knew what it was to sleep well from the time he took the disease until he was cured. He kept us awake all hours in the night and his health wasn't what you would call good. We tried everything but the right thing. Finally I got a set of the Cuticura Remedies and am pleased to say we did not use all of them until he was cured. We have waited a year and half to see if it would return but it never has and today his skin is clear and fair as it possibly could be. I hope Cuticura may save some one else's little one's suffering and also their pocket-books. John L. Smith, 1403 Atchison St., Annapolis, Md., Oct. 19, 1909."

SERIOUS CRIME CHARGED.

Negro Alleged to Have Attempted Criminal Assault.

Wanted by the police on the charge of attempted criminal assault, Robert Rogers, negro, who lives at 2125 Marshall avenue, gave himself up at the police station last night and was locked up in the "jug." The charge is made against him by Ella Barnes, a negro woman, who lives at 621 Twentieth street. She, too, is in jail, charged with assaulting Rogers with a knife. She was arrested on Ivy avenue by Bloodfield Policeman Thomas Vail.

According to the woman, Rogers broke into her room and attacked her. She defended herself with a knife, cutting the man's right hand in several places. Rogers claimed that he did not attack the woman and that she called him into her house. He declares that he will establish his innocence this morning in the police court.

LOOKS LIKE A BIG NIGHT

Lively Session of Common Council Expected.

TAKE UP RETRENCHMENT

Various Members Are Sharpening Their Axes for Committee's Report, and Crowd Probably Will be on Hand for the Performance.

Unusual interest attaches to the regular meeting of the common council tonight at the city hall and in all probability the council chamber will be crowded when President Jones raps the body to order. The report of the now famous retrenchment committee is to be presented to the council tonight and one of the liveliest battles in the history of the lower branch is anticipated.

Strenuous attacks are to be made on the report of the "pruning" body and it is generally believed the hard sledding is in store for the report. Several of the councilmen have publicly announced their unconditioned opposition to the slicing of the salaries of the city officers who are retained under the provisions of the committee's report and doubtless this will be the chief point of attack.

One Break Means Much.

Alderman Caleb D. West, vice-chairman of the retrenchment committee, told Chairman E. I. Ford last night that if the committee's report on the reduction of salaries is broken in any one place tonight, to introduce a resolution providing that the salary of none of the officers retained under the committee's report shall be reduced. From the very outset, Mr. Ford announced his opposition to the reduction of salaries and it is possible that he will introduce the resolution.

Another section of the report of the committee which is slated for attack is that which provides for dropping of two sergeants and two patrolmen from the police department. President Jones, W. C. Harris and some others are said to favor dropping five or six patrolmen and buying four horses for the use of the day squad. In other words they think that four mounted officers should be able to patrol the entire city by day.

Oppose Police Cut.

Councilmen Bolling, Cox and some others are opposed to any cut in the police department. They claim that if anything the number of the men in the department should be increased, instead of decreased.

With the possible exception of the cut in the police department, the other consolidations of offices as provided for by the committee may be adopted. These include the abolishment of the offices of superintendent of streets and superintendent of sewers, the establishment of a horse-shoeing shop at the city stables, the blacksmith also to be keeper of the city stables, the consolidation of the offices of sanitary inspector and superintendent of garbage and the cutting off of the salary of the clerk of the clerk of the courts.

Says Aldermen Will Kill It.

Alderman C. G. Nelms said last night that if the lower branch chops up the report of the retrenchment committee, the amended report will be killed in the upper branch. If such action is taken there is no telling when the budget for the coming fiscal year will be adopted. The consideration of the budget, is being held in abeyance until the report of the retrenchment committee is disposed of in one way or another.
